2	1. We propose that the samples shall be tested by the Corporation in a NABL accredited Government laboratory. It is very important to test these samples in a NABL accredited Government laboratory for accurate results. 2. Does this mean that one firm / Participant can bid for more than one tenders in same name and if price bid opens for both his tenders then the lowest one against those two tenders will be considered? 3.Does this mean that if a Bidder has ever been blacklisted by any state or central government department then he is not allowed to participate in this tender? 4. We have supplied bulk material to state like UTTAR PRADESH where official language is Hindi and therefore purchase order and performance certificate is in Hindi. Can we get these translated in English and submit a notary attested copy?	Bid condition confirmed Bid condition confirmed Bid condition confirmed Bid condition confirmed

7.	<p>1. The permission to quote 5% quantity is not at all practical. This may cause participation of incompetent non-serious bidders resulting in spoiling total bidding process. The department has faced such situation in the tender of school bags 2-3 years back when no other bidder was ready to much L1 prices. Therefore we suggest that it should be compulsory to bid entire</p>	<p>Bid condition confirmed</p>

	<p>quantity of a particular item. Department will have option to give full or part quantity as per their capacity assessment of the bidder.</p> <p>2. This is further suggested to keep financial criteria like turnover and performance according to the full volume of a particular item.</p> <p>3. The experience criteria should be of government department or government PSU along with proper documentary proof. Otherwise private experience have full possibilities of manipulation</p>	<p>Bid condition confirmed</p> <p>Bid condition confirmed</p>
8.	<p>1. It is not logical to quote 5% of the quantity at all. This may lead to the participation of incompetent non-serious bidders resulting in poor overall bidding process. Therefore we suggest that bidding for the full quantity of a particular commodity should be mandatory. The department will have the option to offer full or part quantity as per the assessment of the bidder's capacity.</p> <p>2. It is very important to have experience certificate from any government department / institution. Therefore, only the experience certificate of the government department / institution should be accepted.</p> <p>3. It is further suggested to have financial parameters like turnover and performance as per absolute quantity of a particular commodity.</p>	<p>Bid condition confirmed</p> <p>Bid condition confirmed</p> <p>Bid condition confirmed</p>
